The automobile show will open at Riverview park on the 9th and runs for a week. It will be one of the best displays ever made in the state, over 100 models and everything new pertaining to automobiles will be shown.

Postmaster Pulver Re-Appointed.
Among the nominations sent to the senate on Tuesday was that of H. H. Pulver for postmaster at Laingsburg for another term. So satisfactorily has Mr. Pulver performed his duties that there was no thought of anyone else seeking the place.

Dr. Hume Appointed Member of Pension Board.

To fill the vacancy on the county board of pension examiners made vacant by the death of Dr. Jabez Perkins, Congressman Fordney has named Dr. A. M. Hume, of this city, and his appointment has been made by Commissioner of Pensions Warner.

Rev. C. H. Hanks Appointed County Agent.

Owing to continued poor health, O. F. Webster, of this city, has been compelled to resign as agent of Shiawassee county for the State Board of Corrections and Charities. On receipt of the resignation, Gov. Warner at once tendered the appointment to Rev. C. H. Hanks, who, after considering the matter several days, decided to accept and will act so long as the work does not conflict with his other duties. A better appointment, nor one which will give more general satisfaction throughout the county, could not have been made. The work of the office is always important and for the coming year will be doubly so owing to the new duties imposed by the juvenile court law.

State Treasurer Glazier in Financial Troubles.

The sensation of the week has been the failure of State Treasurer F. P. Glazier, who was interested in several banks, a number of manufacturing enterprises at different points in the state and who practically controlled the affairs of the village of Chelsea, where he owned the large stove works. Several Detroit banks are involved and claims amounting to over a million dollars have already come to light. He had on deposit in his banks at Chelsea and Stockbridge, both of which have closed their doors, \$684,000 of state money. His attorneys state that all claims will be met in full, while the state authorities believe the state will recover all its money. It is thought Glazier will resign as state treasurer.

Judson VanDusen Sues City.

By his attorneys, Watson & Chapman, Judson VanDusen has commenced suit against the city for \$5,000 damages, on account of an accident which befell him some months ago when a section of walk near Dorr Day's photograph gallery gave way letting him into the hole. He claims that he was permanently injured.

First Juvenile Court Case.

The first case Probate Judge Bush will have to act on under the juvenile court law is that of Frank McLean Foley, adopted son of Thos. Foley, of Perry. It is charged that Foley who was pardoned from state prison by the late Gov. Pingree, has frequently punished the boy in a most cruel and heartless manner, in one instance knocking him insensible with a club. The boy is a son of Mrs. Levi Dyer, of Corunna.

The McCurdy-Shiawassee County Case.

The case of J. T. McCurdy against the county of Shiawassee to recover \$10,000 loaned the county for continuing expenses, was argued before Judge Wisner on Friday last. From a legal standpoint the arguments were full of interest, and the attorneys, Messrs. Lyon for McCurdy, and Hicks and Barkworth for the county, were at their best and contested every point involved in the most careful manner. Judge Wisner gave the attorneys leave to file briefs any time this week and a decision cannot be looked for until the latter part of next week.

County Medical Society.

The Shiawassee County Medical Society held its monthly meeting in this city Tuesday afternoon, at which time the following officers were elected: President, W. E. Ward, Owosso; vice president, J. A. Rowley, Durand; secretary and treasurer, C. McCormick, Owosso; board of directors, E. J. Carney, Durand, J. N. Eldred, Chesaning, Walter Parker, Corunna; delegate to State society meeting, J. A. Rowley, Durand; alternate, A. L. Arnold, Owosso. The feature of the meeting was the address by Dr. Hal C. Wyman, of Detroit.

Sudden Death.

Joseph Crampton residing with his son, Mark Crampton, on Adams street, was found dead in his bed at an early hour Saturday morning, apoplexy being the probable cause. When he retired the evening before he complained of not feeling just right, but it was not thought he was in any danger. Mr. Crampton was one of the pioneers of the county, having lived on his farm in Shiawassee township for fifty years and for five years had lived either in Corunna or Owosso. His age was 87 years. Surviving him are his wife, three sons, Mark, of Owosso, George, of Nebraska, and Charles, of Alameda, Cal., and one daughter, Mrs. Emma Jennings, of Byron. The funeral services were held at the home Tuesday morning, Rev. Woodhams, of Corunna, officiating.

To Contest Will of Mrs. Mary J. Estey.

O. B. Estey of this city, has filed in the probate court an objection to the probating of the will of his mother, the late Mrs. Mary J. Estey, filed in the court. Mr. Estey is represented by Kilpatrick & Pierpont, while Watson & Chapman appear for Mrs. Eudora Estey Bryson, the other heir. Mr. Estey claims that the will filed was drawn but a few days prior to the death of his mother, at a time when she was not mentally competent owing to her long sickness, that there were no witnesses to the instrument and that it was not read to her. It is his contention that a will made two years ago should be the one admitted to probate. The value of the estate is said to be \$32,500, of which \$10,000 is personal and \$13,500 real estate. In addition to the bequest of \$3,500 to the First Baptist church of Owosso, mentioned last week, \$500 is given to the Baptist church at Dummerston, Vt., Mrs. Estey's former home.

Pension Money will Help.

Within the next few days upwards of \$1,500,000 will be distributed among the pensioners of Michigan. Checks will be sent out as usual, but arrangements have been made whereby banks which cash them may send the checks directly to the sub-treasury and receive cash in return for them. This will mean the distribution in the state of a large amount of currency which will be of great benefit, even though some of it passes into the hands of persons who will be tempted to hoard it for a while. Even the hoarded portion, however, will be spent before many days, and with the big amount that will not be hidden away will help very materially to bring about the end of the currency shortage.

Y. M. C. A. Notes.

This evening will occur the first annual banquet of the Y. M. C. A. to its members. It will be held in the parlors of the M. E. church. Several good men are on the program including Edmund Booth, editor of the Grand Rapids Evening Press. Mr. Booth is a strong speaker and his address should not be missed.

High Bred Colt.

At the recent sale of trotting and pacing horses held in Chicago, Wm. Green, landlord of the Central House in this city, purchased the yearling stallion colt, Gold Baron, bred by Chas. Martin, of Chicago. The colt is one of the best bred horses which ever came into the state and should prove to be a great sire. He is by Fine Gold 2:24, by Highwood 2:31, sire of Caid 2:07, Early Reaper 2:04, Ida Highwood 2:04, and 37 other standard performers. Highwood was sired by Nutwood 2:18, one of the greatest sires. The dam of Fine Gold was by Electioneer, 2d dam by Hambletonian 10, 3d dam by American Star; the first and second dams are in the great brood mare list. The dam of Mr. Green's colt was by Baron Dillon 2:12, sire of Baron Rogers 2:07 and twenty other standard performers; the sire of Baron Dillon was Baron Wilkes 2:18, son of Geo. Wilkes; 2d dam Patroness 2:27, by Patron 2:14, sire of Annias 2:05 and 48 others with fast records; 3d dam, Abbess (with two in the list) by Wedgewood 2:19, sire of 35 in the list, also the sire of the dam of John R. Gentry 2:04; 4th dam, Columbia by Columbus; 5th dam by Hambletonian 2.

Gold Baron weighs 650 pound, is a beautiful chestnut, with white ankles behind and promises to be a fast trotter. It is safe to say that a better trotting bred colt was never owned in this county. Mr. Green received this week an offer from an Iowa breeder of \$500 for the colt but decided not to sell at that price.

RECIPE MIXED OSTEEN

Druggists Praise This Simple Home Receipt.

Some remarkable stories are being told about town and among the country people coming in of this simple, home-made mixture curing Rheumatism and Kidney trouble. Here is the recipe and directions for taking: Mix by shaking well in a bottle one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Take as a dose one teaspoonful after meals and at bedtime.

No change need be made in your usual diet, but drink plenty of good water.

This mixture, writes one authority in a leading Philadelphia newspaper, has a peculiar tonic effect upon the kidneys; cleansing the clogged-up pores of the eliminative tissue, forcing the kidneys to sift and strain from the blood the uric acid and other poisonous waste matter, overcoming Rheumatism, Bladder and Urinary troubles in a short while.

A New York druggist who has had hundreds of calls for these ingredients since the first announcement in the newspapers last October stated that the people who once try it "sweat by it," especially those who have Urinary and Kidney trouble and suffer with Rheumatism.

The druggists in this neighborhood say they can supply the ingredients, which are easily mixed at home. There is said to be no better blood-cleansing agent or system tonic blood, and certainly none more harmless or simple to use.

State Association of Farmers' Clubs.

The fifteenth annual meeting of the Michigan State Association of Farmers' clubs will be held in the senate chamber, Lansing, December 10 and 11. The meetings will be public and all persons interested in the farmers' club movement have been invited to attend.

The address of welcome will be delivered at 1 o'clock December 10, by Mayor Hugh Lyons. Z. W. Carter, of Lake Odessa, will respond. Other addresses of the afternoon will be those of Railroad Commissioner Glasgow on "The Proper Relation Between the Railroad and the Farmers," and I. H. Butterfield, of Detroit, on "The Michigan State Fair and What of its Future." Mrs. W. Cheney, of Mason, associational secretary, will make her report. Committee appointments will be made at the close of the session.

The evening session will be devoted principally to the address of the president, L. Whitney Watkins, of Manchester, and T. M. Sattler, of Jackson, on "Centralized Schools."

The morning session, December 11, will be given over to the reports of committees and the election of officers. In the afternoon, Dr. D. W. Shumway will speak on "Hygiene and Sanitation Applied to Farm Life," and C. E. Bassett, of Fennville, on "Some Neglected Horticultural Opportunities."

In the evening, the report of the treasurer, Mrs. Sarah Taylor, of Novi, will be submitted. The meeting will close with an address by Horatio S. Earle, of Detroit, state highway commissioner, on "The Duties and Rights of Farmers to the Public."

Worth Kerlin sold a three-months-old sucking mulelet for \$92.50 at Albany, Mo., a few weeks ago. His comment on the sale was that "in the days of Grover Cleveland you could buy a span of good work mules for just about the price paid for a three-months-old sucking." There were tariff reformers running loose in those days, and they are trying now to break their halters.—Fairfield (La.) Ledger.
